CAREER OBJECTIVE

Motivated Artificial Intelligence student seeking an internship opportunity to apply Python, machine learning, data analysis, and problem-solving skills to real-world projects. Interested in developing practical AI solutions and learning modern technologies.

EDUCATION

Integrated M.Tech in Artificial Intelligence	VIT Bhopal University	2025–2030
Senior Secondary (Class XII)	ABC Public School	2025

TECHNICAL SKILLS

Programming: Python, C++, SQL

AI and ML: Machine Learning, Deep Learning, Artificial Intelligence, NLP

Libraries and Tools: NumPy, Pandas, Matplotlib, Scikit-learn, TensorFlow, Git, GitHub

Web Technologies: HTML, CSS, JavaScript

Soft Skills: Communication, Teamwork, Problem Solving, Leadership

PROJECTS

1. AI Resume Analyzer

- Developed a Streamlit-based application that accepts PDF resumes and extracts text using PyPDF.
- Implemented skill detection, resume scoring, improvement suggestions, and job-role matching.
- Used Python functions and a predefined skills database for analysis.

2. Expense Tracker

- Created a simple application to record daily expenses and categorize spending.
- Added features for total expense calculation, category-wise tracking, and basic data display.

3. Student Performance Analysis

- Analyzed student marks using Python, Pandas, and Matplotlib.
- Generated summary statistics and visualized subject-wise performance.

CERTIFICATIONS AND COURSES

- Python Programming Fundamentals
- Introduction to Machine Learning
- Data Analysis with Python
- Git and GitHub Essentials

ACHIEVEMENTS AND ACTIVITIES

- Participated in college technical events and coding activities.
- Member of college cultural and technical communities.
- Regularly practices programming and explores AI-based applications.

DECLARATION

I hereby declare that the information provided above is true to the best of my knowledge.
